INDEPENDENT AUDITOR'S REPORT

Board of Directors Southlands Metropolitan District No. 1 City of Aurora, Arapahoe County, Colorado

We have audited the accompanying financial statements of the governmental activities and each major fund of the Southlands Metropolitan District No. 1 as of and for the year December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Southlands Metropolitan District No. 1, as of December 31, 2019, and the respective changes in financial position and the budgetary comparison for the General Fund and the General Operations Fee Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Southlands Metropolitan District No. 1's basic financial statements. The Supplementary Information and the Other Information, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Supplementary Information was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Supplemental Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Other Information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Daysio & Associates, P.C.

SOUTHLANDS METROPOLITAN DISTRICT NO. 1 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED DECEMBER 31, 2019

Net Change in Fund Balances - Total Governmental Funds	\$ 347,484
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset. Depreciation Expense Capital Outlay	(1,521,728) 10,649
The issuance of long-term debt (e.g., bonds, receipt of Developer advances) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and	
related items. Bond Principal Payment - Series 2017 A-1 Bond Principal Payment - Series 2017 A-2 Amortization of Bond Premium Amortization of Cost of Refunding	445,000 40,000 146,247 (270,504)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. Accrued Interest on Bonds - Change in Liability	 1,213
Change in Net Position of Governmental Activities	\$ (801,639)

NOTE 1 DEFINITION OF REPORTING ENTITY

Southlands Metropolitan District No. 1 (the District), a quasi-municipal corporation and political subdivision of the State of Colorado, was organized on November 18, 2002, and is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in the City of Aurora, Arapahoe County, Colorado. The District was established to provide financing for the design, acquisition, construction and installation of public facilities such as water, streets, traffic and safety controls, parks, open space and recreation, sewer and drainage facilities, and the operations and maintenance of the District.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

The District has no employees and all operations and administrative functions are contracted.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met. Depreciation is computed and recorded as a functional expense on the statement of activities. Expenditures for property, plant, and equipment are shown as increases in assets and redemption of bonds and notes are recorded as a reduction in liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The General Operations Fee Fund accounts for general operations fees collected from property owners and payments for operations and maintenance expenses.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

<u>Measurement Focus, Basis of Accounting, and Financial Statement Presentation</u> (Continued)

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities

Budgets

In accordance with the State Budget Law of Colorado, the District's Board of Directors holds public hearings in the fall of each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress, and are not included in the calculation of net investment in capital assets of the District's net position.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable. Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Streets	20 Years
Park and Recreation Improvements	20 Years

Accounts Receivable

In the government-wide financial statements, receivables are reported at their gross value and, when appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Resolution Concerning the Imposition of a General Operations Fee

On August 4, 2011, the District adopted the Resolution Concerning the Imposition of a General Operations Fee whereby the District fixed and imposed fees, rates, tolls, charges, and penalties for services or facilities provided by the District. Any fee that is not paid in full within 15 days after the scheduled due date is assessed a late fee of \$15 or up to 5% per month, or a fraction thereof, not to exceed a total of 25% of the amount due. Interest accrues on any outstanding fee, exclusive of assessed late fees and interest, at the rate of 18% per year.

On March 13, 2014, the District amended the above named resolution to clarify the funding of an operations reserve and capital reserve, capital replacement costs, as well as costs associated with providing the services, in order that the public facilities may be properly provided and maintained and that the health, safety, and welfare of the District and its inhabitants may be safeguarded. Excess fees at year-end are reflected as committed fund balance.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Amortization

Bond Premium

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Cost of Bond Refunding

In the government-wide financial statements, the deferred cost of bond refunding is being amortized using the interest method over the life of the refunded bonds. The amortization amount is a component of interest expense and the unamortized deferred cost is reflected as a deferred outflow of resources.

Deferred Inflows/Outflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *cost of refunding*, is deferred and recognized as an outflow of resources in the period that the amount is incurred.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

<u>Equity</u>

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2019, are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and Investments	\$ 2,810,826
Cash and Investments - Restricted	 2,506,992
Total Cash and Investments	\$ 5,317,818

Cash and investments as of December 31, 2019, consist of the following:

Deposits with Financial Institutions	\$ 582,484
Investments	 4,735,334
Total Cash and Investments	\$ 5,317,818

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2019, the District's cash deposits had a bank balance of \$603,943 and a carrying balance of \$582,484.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities, and securities of the World Bank
 - General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- * Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2019, the District had the following investments:

Investment	Maturity	Amount
Colorado Local Government Liquid Asset	Weighted Average	
Trust (COLOTRUST)	under 60 Days	\$ 2,311,155
Fidelity Treasury Fund - Class III	Weighted Average	
	under 60 Days	2,424,179
Total		\$ 4,735,334

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST) (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and any security allowed under CRS 24-75-601. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAm by Standard & Poor's. COLOTRUST records its investments at fair value and the District records its investment in COLOTRUST at net asset value as determined by fair value. There are no unfunded commitments, the redemption frequency is daily and there is no redemption notice period.

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Fidelity Investments

Debt service monies included in the trust accounts at UMB were invested in the Fidelity Treasury Fund Class III (the Fund). This portfolio is a money market mutual fund which invests in U.S. government securities, which are fully guaranteed as to principal and interest by the United States, with maturities of 38 days or less and repurchase agreements collateralized by U.S. government securities. The Fund is rated AAA-mf by Moody's and AAAm by Standard & Poor's. The Fund records its investments at amortized cost and the District records its investments in the Fund using the amortized cost method. There are no unfunded commitments, the redemption frequency is daily, and there is no redemption notice period.

NOTE 4 CAPITAL ASSETS

An analysis of the changes in capital assets for the year ended December 31, 2019 follows:

	Balance at December 31, 2018	Increases	Decreases	Balance at December 31, 2019
Primary Government:				
Capital Assets, Not Being Depreciated:				
Construction in Progress:	\$ 3,691,519	\$ 10,649	\$ (3,691,519)	\$ 10,649
Total Capital Assets, Not Being Depreciated	3,691,519	10,649	(3,691,519)	10,649
Capital Assets, Being Depreciated:				
Streets	18,527,117	3,691,519	-	22,218,636
Park and Recreation Improvements	8,523,542			8,523,542
Total Capital Assets, Being Depreciated	27,050,659	3,691,519	-	30,742,178
Less Accumulated Depreciation:				
Streets	(11,937,064)	(1,095,551)	-	(13,032,615)
Park and Recreation Improvements Total Accumulated	(4,999,344)	(426,177)		(5,425,521)
Depreciation	(16,936,408)	(1,521,728)		(18,458,136)
Total Capital Assets, Being Depreciated, Net	10,114,251	2,169,791		12,284,042
Capital Assets, Net	\$ 13,805,770	\$ 2,180,440	\$ (3,691,519)	\$ 12,294,691

NOTE 4 CAPITAL ASSETS (CONTINUED)

Depreciation expense was charged to functions/programs of the primary government as follows:

General Government

\$ 1,521,728

NOTE 5 LONG-TERM OBLIGATIONS

The following is an analysis of changes in the District's long-term obligations for the year ended December 31, 2019:

	Balance at December 31, 2018	Additions		Ret	irements	Balance at ecember 31, 2019	Due Within One Year		
G.O. Refunding Bonds -									
Series 2017 A-1	\$ 44,260,000	\$	-	\$	445,000	\$ 43,815,000	\$	510,000	
G.O. Refunding Bonds -									
Series 2017 A-2	3,910,000		-		40,000	3,870,000		45,000	
Unamortized Bond Premium									
Series 2017 A-1	2,753,733		-		134,360	2,619,373		133,513	
Unamortized Bond Premium									
Series 2017 A-2	243,717		-		11,887	231,830	_	11,811	
Total	\$ 51,167,450	\$	-	\$	631,247	\$ 50,536,203	\$	700,324	

The details of the District's long-term obligations are as follows:

General Obligation Bonds – Series 2017

On December 1, 2017, the District refunded its General Obligation Refunding and Improvement Bonds, Series 2007 (the 2007 Bonds) and General Obligation Loan, Series 2016 (the 2016 Loan) by the issuance of \$44,690,000 General Obligation Refunding Bonds, Series 2017A-1, and \$3,945,000 General Obligation Refunding Bonds, Series 2017A-1, and \$3,945,000 General Obligation Refunding Bonds, Series 2017A-2, respectively (the 2017 Bonds). The proceeds were used for the purposes of (i) refunding the 2007 Bonds and 2016 Loan, (ii) funding the debt service reserve requirement (the 2017A-1 Reserve Fund in the amount of \$1,687,625 and the 2017A-2 Reserve Fund in the amount of \$149,750); and (iii) paying costs of issuance of the 2017 Bonds.

The 2017 Bonds, maturing on December 1, 2047 with interest rates of 3.000% - 5.000%, are payable semi-annually on June 1 and December 1. The 2017 Bonds maturing on or after December 1, 2037 are subject to redemption prior to maturity, at the option of the District, as whole or in integral multiples of \$5,000, in any order of maturity and in whole or partial maturities, on December 1, 2027 and on any date thereafter, at a redemption price equal to the par amount thereof plus accrued interest to the redemption date.

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

General Obligation Bonds – Series 2017 (Continued)

The 2017 Bonds are general obligations of the District secured by and payable from the Pledged Revenue consisting of moneys derived by the District from the following sources, net of any costs of collection: (i) the Unlimited Mill Levy; (ii) the portion of the Specific Ownership Tax which is collected as a result of the imposition of the Unlimited Mill Levy; and (iii) any other legally available moneys of the District deposited in the Bond Fund or the Reserve Fund.

Approximately 11.5 acres, generally encompassing the Lowe's Home Improvement Warehouse, were excluded from the boundaries of the District on November 7, 2007 (the Excluded Property). Accordingly, the Excluded Property is subject to ad valorem taxes by the District to pay the Series 2017A-1 Bonds but will not be subject to ad valorem taxes to pay the Series 2017A-2 Bonds.

For the purposes of paying the principal and interest on the Bonds, the Board is to annually determine and certify to the County each year in which the 2017 Bonds remain outstanding, in addition to all other taxes, the Unlimited Mill Levy. The 2017 Bonds are not secured by property lying within the District, but rather by, among other things, the District's obligation to annually determine and certify a rate of levy for ad valorem property taxes in an amount sufficient to pay, along with other legally available revenues, the principal and interest on the 2017 Bonds.

The District's Series 2017A-1 Bonds principal and interest will mature as follows:

Year Ending December 31,	Principal		Interest			Total
2020	\$ 5	510,000	\$	2,104,250	\$	2,614,250
2021	Ę	525,000		2,088,950		2,613,950
2022	Ę	590,000		2,073,200		2,663,200
2023	6	610,000		2,055,500		2,665,500
2024	6	685,000		2,034,150		2,719,150
2025-2029	4,1	140,000		9,767,950		13,907,950
2030-2034	6,0	015,000		8,630,250		14,645,250
2035-2039	8,4	460,000		6,895,250		15,355,250
2040-2044	11,6	695,000		4,473,000		16,168,000
2045-2047	10,5	585,000		1,160,500		11,745,500
Total	\$ 43,8	315,000	\$	41,283,000	\$	85,098,000

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

General Obligation Bonds – Series 2017 (Continued)

The District's Series 2017A-2 Bonds principal and interest will mature as follows:

Year Ending December 31,	Principal	Interest			Total
2020	\$ 45,000	\$	185,975		\$ 230,975
2021	45,000		184,625		229,625
2022	50,000		183,275		233,275
2023	55,000		181,775		236,775
2024	60,000		179,850		239,850
2025-2029	365,000		863,750		1,228,750
2030-2034	530,000		763,250		1,293,250
2035-2039	750,000		610,000		1,360,000
2040-2044	1,035,000		395,500		1,430,500
2045-2047	 935,000		102,500		 1,037,500
Total	\$ 3,870,000	\$	3,650,500		\$ 7,520,500

Debt Authorization

On July 16, 2007, the City Council approved an amendment to the service plan, which permits the District to impose an unlimited mill levy and to increase its debt limit to \$60,000,000. On January 11, 2016, the City Council approved a second amendment to the service plan which increases the debt issuance limitation to \$125,000,000.

In November 2002, a majority of the qualified electors of the District authorized the issuance of indebtedness in an amount not to exceed \$113,000,000 at an interest rate not to exceed 18% per annum. In November 2008, a majority of the qualified electors of the District authorized the issuance of indebtedness in an amount not to exceed \$560,000,000 at an interest rate not to exceed 18% per annum. At December 31, 2019, the District had authorized but unissued indebtedness in the following amount for the following purposes:

NOTE 5 LONG-TERM OBLIGATIONS (CONTINUED)

Debt Authorization (Continued)

	Amount	Amount					
	Authorized on	Authorized on		Authoriza	tion Used		Authorized
	November 5,	November 4,	Series 2004	Series 2007	Series 2016	Series 2017	But

Operations and Maintenance	1,000,000	40,000,000	-	-	-	-	41,000,000
Intergovernmental Contracts	-	40,000,000	-	-	-	-	40,000,000
Public Improvements							
Operations and Maintenance	-	40,000,000	-	-	-	-	40,000,000
Debt Refunding	49,000,000	40,000,000		8,644,042		3,945,000	76,410,958
Totals	\$ 113,000,000	\$ 560,000,000	\$ 36,509,000	\$ 22,431,000	\$ 4,250,000	\$ 3,945,000	\$ 605,865,000

Pursuant to the Service Plan, the District is permitted to issue bond indebtedness of up to \$125,000,000.

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area.

The 2017A-1 Bonds do not consume any authorized amount because they were issued at a lower interest rate than the Bonds they refunded.

NOTE 6 NET POSITION

The District has net position consisting of three components - net investment in capital assets, restricted, and unrestricted.

The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2019, the District had the following net investment in capital assets, calculated as follows:

	Governmental Activities
Net Investment in Capital Assets:	
Capital Assets, Net	\$ 12,294,691
Current Portion of Long-Term Obligations	(452,538)
Noncurrent Portion of Long-Term Obligations	(32,203,166)
Portion of Debt Related to Restricted Cash and	
Investments	1,254,526
Net Investment in Capital Assets	\$ (19,106,487)

The restricted component of net position consists of restricted assets that are restricted for use either externally by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had a restricted net position at December 31, 2019, as follows:

	 vernmental
Restricted Net Position:	
Emergencies	\$ 66,200
Debt Service	327,545
Capital Projects	 91,724
Total Restricted Net Position	\$ 485,469

The District has a deficit in unrestricted net position. This deficit amount is a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

NOTE 7 RELATED PARTY

M & J Wilkow Properties, LLC, is contracted to provide property management service to the District. Four members of the Board of Directors are employees or contractors directly hired by M & J Wilkow Properties, LLC. M & J Wilkow Properties, LLC owns property at Southlands under the following entities: Southlands TC, LLC and Southlands PC, LLC. These entities and their affiliates may have conflicts of interest in dealing with the District.

NOTE 8 AGREEMENTS

District IGA

The District and Southlands Metropolitan District No. 2 (District No. 2) entered into an Intergovernmental Agreement dated June 30, 2004, and amended pursuant to a first amendment dated December 7, 2004, and second amendment dated August 24, 2007 (the District IGA), concerning the manner in which the Districts are to coordinate the financing, construction, operation and maintenance of certain Regional Improvements contemplated in the Service Plans. The District IGA sets forth the agreement of the Districts with respect to the equitable allocation of costs associated with certain regional improvements, including improvements to Aurora Parkway, Smoky Hill Road, and certain bridge widening and landscape improvements (Regional Improvements). The District IGA indicates that the District and District No. 2 (collectively, the Districts) made a determination that, because development had not yet commenced in District No. 2, the District shall undertake the construction of the Regional Improvements and it is District No. 2's intent to reimburse the District for District No. 2's equitable share of the costs associated with the Regional Improvements upon District No. 2's issuance of bonds in an amount sufficient to reimburse the District, and the Districts agree that it is appropriate to utilize all or a portion of net bond proceeds for reimbursement.

NOTE 9 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, workers compensation, and property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 10 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

In November 2002, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all currently levied taxes and fees of the District without regard to any limitation under TABOR. At the November 2008 election, the District's electors authorized the District to collect, retain, and spend the full amount of taxes, tax increment revenues, tap fees, park fees, facility fees, service charges, inspection charges, administrative charges, grants or any other fees collected or received by the District prior to, through and during 2008 and each fiscal year thereafter, without regard to any limitation under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.
